

Yahweh, the Almighty God of Israel, is with us
"Cry aloud, spare not, lift up thy voice like a trumpet,
and shew my people their transgression,
and the house of Jacob their sins." Isaiah 58:1

Reference Books on Creation

Evolution is taught as though it were proven fact. Never a week goes by, but mention is made of it on TV and radio. The arguments for **special creation** are, sad to say, seldom aired. As a result few adults, let alone their growing children, have studied those arguments. Yet, I can assure you, they exist and they are very strong. The following books present arguments to support the Bible account of **creation** far more convincingly than we in **A Voice In The Wilderness - Canada** can. Bear in mind that knowledge of your origin will have a direct effect on your behaviour; which in turn will have a direct effect on your eternal destination. We are sure you will agree that those are not subjects to be lightly dismissed. So request your local library to order a few of these books. Or better still, buy a few books for yourself and your friends. Your eyes will be opened and who knows, you may even help influence the moral behaviour of your family and community: not to mention their eternal destiny.

One of the most, perhaps **the** most, important decision facing Christians today concerns **Which Bible** to select for daily study. Currently there are some 100+ modern English language '*Bibles*' in circulation! In view of these facts it is vital that you know something about Bible history before you choose the version you and your family study every day.
