Dear Reader,

As you know, articles on the **Internet** can be controversial; especially when **politics** or **religion** are involved. If you are a regular visitor to the **AVITW - CANADA - USA Web-Sites** you will recognize how true this is as regards religious beliefs. Our articles on:

- *Bible Versions ... Which is the **REAL** Word of God?*
- *Evolution / Creation*
- *The Baptism of the Holy Spirit*
- *The **TRUE** Sabbath Day*
- *The Correct Feast Days in the Sacred Calendar*
- *The Sacred Names*
- *Christmas and Easter*
- *The Sign of the Cross, Purgatory, Celibacy, Women Priests etc. **are prime examples of this.***

After reading some **AVITW** articles, you may be tempted to fire off an e-mail to us.

**But hold it!**

Because whatever your response - agreement, disagreement or otherwise - **please understand ... that we have absolutely no intention or time to enter into 'e-mail arguments' on any subject at the AVITW - CANADA - USA Web-Sites.**

As far as we are concerned:

- Every person on earth is entitled to believe what he/she wants; concerning any religion or political party.
- This means that though we may not always agree with the views of others, we respect their **God-given right** to hold those views. But please, let's not argue about them.
- If you think you have more enlightenment on this or any other subject, well then ... **publish it!**  
Put it on the Internet, under your **own name**, for the **whole world** to read.

After all, if the Almighty wants mankind to receive a **particular message**, you can be sure that He will motivate and enable His chosen messengers to put out that message; and nothing will stop it reaching its intended audience the **world!** But no controversy please.

## Unsolicited E-mail Attachments

Another thing: please resist the urge to send **unsolicited e-mail attachments**. If you have something to tell mankind, then, as mentioned above, place it on your web site. But please, please do not bombard this - **or any other** - site with lengthy e-mail articles. If you really

want us to know something you think is urgent, then:

- Place it on your web site and tell us it's there; or better still,
- **Print it out and post it to us by ordinary mail!**  
It will then be read.

**But no more e-mail attachments please.**
